Profile Summary

Master of Computer Applications student with a focus on Software Engineering and Data Science. UGC NET qualified for Assistant professor. Passionate about leveraging programming skills, especially in Python to develop data-driven solutions. Completed IBM Python course (Coursera) and IIT Kharagpur DBMS course (NPTEL). Eager to contribute to innovative projects and grow within a dynamic tech environment.

Education

Course	Year Of Completion	Institute/Board	Aggregate
MCA	2025	Rajiv Gandhi Institute of Technology, Kottayam	7.52 out of 10 (CGPA)
BSc Mathematics	2023	Sullamussalam Arts and Science College, Areekode	7.1 out of 10 (CGPA)
Plus Two	2020	Kerala Board of Public Examination	88%
SSLC	2018	Kerala Board of Public Examination	100%

Technical Skills

Technical skills:

Soft Skills:

Python, C, Java, HTML & CSS, MySQL, Flask
Problem-Solving, Teamwork, Time Management,
Adaptability, Critical Thinking, Communication

Projects

• Personal Finance Management System

- Developed a web-based application using Python Flask for backend, HTML/CSS for frontend design, and MySQL for database management to help users track and manage their finances efficiently.

• Image Colorization using GANs

- Developed an image colorization system using GANs with Python, PyTorch, Flask, and tools like NumPy, PIL, and scikit-image for grayscale-to-color conversion.

Certifications

- **Python for Data Science, AI & Development** - IBM (Coursera), June 2024
- **Data Base Management System** - IIT Kharagpur (NPTEL), April 2024
- **Using Basic Formulas and Functions in Microsoft Excel** - Coursera, December 2024

Achievements

- UGC NET qualified for Assistant Professor position

Areas of Interest

- Software Development and Engineering
- Data Analytics, Data Science and Machine Learning
